Mares presented for SHB(GB) Mare Grading will be required to be shown in hand to assess conformation and paces following an initial trot up on a hard surface.

All mares must be presented in bridles and foals must be led at all times.

It is strongly recommended that all handlers wear a hat and safety harness according to the current standard.

Mares which are not sound must submit a letter from a Veterinary Surgeon stating the reason for the unsoundness. This will be taken into account when their final mark is calculated.

Mare owners also have the option of presenting their mares under saddle in addition to the in hand assessment.

Mares who satisfy the judges as to their rideability in this way or can provide proof of ridden competition success in sport may be awarded the complimentary initial R (for Ridden) in front of their graded status.

Mares who are transferred from another Stud Book may also be awarded the complimentary initial R if they can provide proof of ridden competition success.

If following grading, a mare or her progeny go on to compete successfully, it may be possible for her to upgrade to a higher stud book. Please contact the office for further details.
